

2020 GRANTS PROGRAM GUIDELINES

New York Altar Guild grants are awarded for projects in keeping with the Guild's purpose: to contribute to the support of ecclesiastical services so that all persons can worship in dignity and beauty. Such projects might include new cabinetry in a sacristy, repair of stained glass, refurbishing an organ. The Grants Committee will review each request and present its recommendations to the Board of Directors for approval. Requests may be fully funded, partially funded or denied. The average grant awarded in the past has been in the neighborhood of \$3,000; preference is given to proposals that address the needs of those parishes least able to help themselves. Awards will be announced, in writing, following the April Board meeting.

Applicants for grants should submit three collated copies of the Grant Application including a narrative briefly describing the nature and importance of the issue to be addressed; the approach to be developed, implemented, or tested; the utility of the project (if successfully completed, how and to what extent it would alleviate the situation); the work planned; and relevant qualifications of the person(s) who would direct the project. In addition, please include

- a description of a financing plan for the project, including balance not covered by grant
- a bid or price quote from vendor(s), supplier(s), and/or contractor(s) for entire cost of materials and labor
- a timetable for raising funds not covered by the grant
- a timetable for completion of the project

Photographs or renditions of the proposed project would be appreciated. An on-site visit may be made if the Committee feels that it would be helpful.

Please ensure that all requested parish information as outlined on page 4 of the Grant Application is included with each submission. The deadline for receipt of applications is February 1. Each organization will be notified when its request is received.

Upon completion of their projects, grantees will be required to provide a final report including narrative, financials and photographs. If the project extends past December 31, a narrative update at the end of the calendar year is expected. Please note that in the event that a project is not completed within the projected time frame, we may request that all grant monies be returned.

All application materials should be sent to:
